DETAILED ACTION

An interview was conducted with Mark Williamson on December 14, 2004 to discuss the allowability of the claims. After further consideration, in light of the issues that were discussed, claims 12-13 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art does not teach or render obvious an inkjet recording apparatus as claimed, particularly including a discharge roller pair including a proximal discharging roller having a shaft serving as a center of rotation formed of resin and a distal discharging roller having a shaft serving as a center of rotation formed of metal.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jill E. Culler whose telephone number is (571) 272-2159. The examiner can normally be reached on M-Th 8:30-5:00.
